

## Overview:

# How to receive Satellite Broadcasts at Home with the AUS/NZ Direct Access Service

You are invited to join the growing number of people globally who enjoy the convenience of viewing Maharaji's message at home via Satellite Broadcast. Wherever you are - around Australia and New Zealand - the freshest message now comes direct to you! *The Aus/NZ Direct Access Service* started weekly broadcasts in March 2001. After 18 months, 150 households had connected to Direct Access with around 450-500 viewers each week.

The broadcasts arrive via the local Optus B3 Satellite at a regular timeslot – currently 11am AEST, 1pm NZ time. Occasionally "same day" broadcasts may be scheduled at other times. It is hoped that the service will eventually increase to 2-3 times a week. We invite you to be a part of it.
