YOU'RE INVITED TO PARTICIPATE

People everywhere now have the opportunity to hear Maharaji's message. The message is available in on the websites, in print, audio, video and in many countries, via satellite broadcast.

The Direct Access Service allows people in Australia and New Zealand to tune in to Maharaji's latest talks via a small satellite dish at home.

The costs of sending the weekly broadcast to home via satellite, as well as the production of professional quality materials and broadcasts, require continuing financial support. A solid base of support is required. Please do what you can to help. Much is possible with your commitment and help.

Q. Why sponsorship?

Monthly sponsorship is a direct and simple way to participate. Basic Direct Access sponsorship helps cover the costs of receiving the weekly broadcasts via satellite.

You can be a Direct Access sponsor whether you have a satellite system at home, you attend community satellite events or you view at someone else's home.

Q. Is more than basic support needed?

To see broadcasts grow and support the development of materials, additional financial support is needed. Increased levels of sponsorship will make a significant and real difference.

Q. How do I become a sponsor?
